TO KANGERLUSSUAQ HAVN

## Day by Day Itinerary

|          |                                                                                                                                                                                                                                                                                                                                                  |
|----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| DAY<br>1 | <b>Reykjavík, Iceland</b><br>Tuesday, 01/08/2028<br><p>Sprawling Reykjavík, the nation's nerve center and government seat, is home to half the island's population. On a bay overlooked by proud Mt. Esja (pronounced eh-shyuh), with its ever-changing hues, Reykjavík presents a colorful sight, its concrete houses pain...</p>               |
| DAY<br>3 | <b>Skjoldungen, Greenland</b><br>Thursday, 03/08/2028<br><p>Located on Greenland’s relatively rarely visited rugged east coast, Skoldungen Fjord has enchanting scenery with towering mountains tipped with snow, ice-scraped valley sides and sculptured icebergs in shades of white and blue. At the top of the fjord one can...</p>           |
| DAY<br>4 | <b>Prince Christian Sound, Greenland</b><br>Friday, 04/08/2028<br><p>The transit through the Sound is one of this voyage’s highlights. Connecting the Labrador Sea with the Irminger Seat, Prince Christian Sound or “Prins Christian Sund” in Danish is named after Prince (later King) Christian VII (1749-1808). 100 km (60 miles ), l...</p> |
| DAY<br>4 | <b>Aappilattoq, Greenland</b><br>Friday, 04/08/2028<br><p>Aappilattoq is a small settlement near the western end of Prins Christian Sund in southwestern Greenland. In the local Greenlandic language the name means, "sea anemone". This small village of 130 inhabitants, hidden behind a prominent rock, offers a good insi...</p>            |
| DAY<br>5 | <b>Kangilinguit (Gronnedal), Greenland</b><br>Saturday, 05/08/2028                                                                                                                                                                                                                                                                               |
| DAY<br>5 | <b>Ivittuut, Greenland</b><br>Saturday, 05/08/2028                                                                                                                                                                                                                                                                                               |
| DAY<br>6 | <b>Nigerlikasik Glacier, Greenland</b><br>Sunday, 06/08/2028                                                                                                                                                                                                                                                                                     |

|           |                                                                                                                                                                                                                                                                                                                                                   |
|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| DAY<br>7  | <b>Nuuk (Godthaab), Greenland</b><br>Monday, 07/08/2028<br><br>Nuuk, meaning “the cape”, was Greenland’s first town (1728). Started as a fort and later mission and trading post some 240 kilometers south of the Arctic Circle, it is the current capital. Almost 30% of Greenland’s population lives in the town. Not only does N...            |
| DAY<br>8  | <b>Evighedsfjorden, Greenland</b><br>Tuesday, 08/08/2028                                                                                                                                                                                                                                                                                          |
| DAY<br>9  | <b>Qeqertarsuaq (Godhavn), Greenland</b><br>Wednesday, 09/08/2028                                                                                                                                                                                                                                                                                 |
| DAY<br>10 | <b>Eqip Sermia Glacier, Greenland</b><br>Thursday, 10/08/2028                                                                                                                                                                                                                                                                                     |
| DAY<br>10 | <b>Disko Bay, Greenland</b><br>Thursday, 10/08/2028                                                                                                                                                                                                                                                                                               |
| DAY<br>10 | <b>Ilulissat (Jakobshavn), Greenland</b><br>Thursday, 10/08/2028<br><br>Known as the birthplace of icebergs, the Ilulissat Icefjord produces nearly 20 million tons of ice each day. In fact, the word Ilulissat means “icebergs” in the Kalaallisut language. The town of Ilulissat is known for its long periods of calm and settled weath...   |
| DAY<br>11 | <b>Ilulissat (Jakobshavn), Greenland</b><br>Friday, 11/08/2028<br><br>Known as the birthplace of icebergs, the Ilulissat Icefjord produces nearly 20 million tons of ice each day.
